

TRAFFIC REMOVABLE BOLLARDS

partially submerged

RELIABLE, PRACTICAL AND COST-EFFECTIVE SOLUTION TO
PROVIDE 100% SECURITY OF YOUR TERRITORY

Removable traffic bollards are one more interesting solution for vehicle access control management. The main difference to regular fixed/static bollards determined by mobility which provides free driveway in case of necessity. To get bollard unlocked, the only thing which has to be done is a simple turn of a key. The range of removable bollards available in different dimension, blocking heights, tube's materials, and diameters. The installation depth is 315 mm. Intended for vehicle access control with little traffic intensity.
